A Return To Modesty Discovering

A Return to Modesty is a deeply personal account as well as a fascinating intellectual exploration into everything from seventeenth-century manners to the 1948 tune “Baby, It’s Cold Outside.” Beholden neither to social conservatives nor to feminists, Shalit reminds us that modesty is not prudery, but a natural instinct—and one that may be able to save us from ourselves.

A Return to Modesty is a deeply personal account as well as a fascinating intellectual exploration into everything from seventeenth-century manners to the 1948 tune "Baby, It's Cold Outside." Beholden neither to social conservatives nor to feminists, Shalit reminds us that modesty is not prudery, but a natural instinct--and one that may be able to save us from ourselves.

A Return to Modesty : Discovering the Lost Virtue by Wendy ...

From seventeenth-century manners guides to Antonio Canova’s sculpture, Venus Italico, to Frank Loesser’s 1948 tune, “Baby, It’s Cold Outside,” A Return to Modesty unfolds like a detective’s search for a lost idea as Shalit uncovers opinions about this lost virtue’s importance, from Balzac to Simone de Beauvoir, that have not been aired for decades. Then she knocks down the accompanying myths one by one.

Revised and updated, this fifteenth anniversary edition of A Return to Modesty reignites Wendy Shalit’s controversial claim that we have lost our respect for an essential virtue: modesty. When A Return to Modesty was first published in 1999, its argument launched a worldwide discussion about the possibility of innocence and romantic idealism. Wendy Shalit was the first to systematically critique the “hook-up” scene and outline the harms of making sexuality so public. Today, with social media increasingly blurring the line between public and private life, and with child exploitation on the rise, the concept of modesty is more relevant than ever. Updated with a new preface that addresses the unique problems facing society now, A Return to Modesty shows why “the lost virtue” of modesty is not a hang-up that we should set out to cure, but rather a wonderful instinct to be celebrated. A Return to Modesty is a deeply personal account as well as a fascinating intellectual exploration into everything from seventeenth-century manners to the 1948 tune “Baby, It’s Cold Outside.” Beholden neither to social conservatives nor to feminists, Shalit reminds us that modesty is not prudery, but a natural instinct—and one that may be able to save us from ourselves.

Lamenting the stress-inducing pressure that modern society places on young women to be sexually active, the author calls for a renewed respect for women's privacy and their desire to take intimacy seriously.

A job is never just a job. It is always connected to a deep and invisible process of finding meaning in life through work. In Thomas Moore’s groundbreaking book Care of the Soul, he wrote of “the great malady of the twentieth century...the loss of soul.” That bestselling work taught readers ways to cultivate depth, genuineness, and soulfulness in their everyday lives, and became a beloved classic. Now, in A Life’s Work, Moore turns to an aspect of our lives that looms large in our self-regard, an aspect by which we may even define ourselves—our work. The workplace, Moore knows, is a laboratory where matters of soul are worked out. A Life’s Work is about finding the right job, yes, and it is also about uncovering and becoming the person you were meant to be. Moore reveals the quest to find a life’s work in all its depth and mystery. All jobs, large and small, long-term and temporary, he writes, contribute to your life’s work. A particular job may be important because of the emotional rewards it offers or for the money. But beneath the surface, your labors are shaping your destiny for better or worse. If you ignore the deeper issues, you may not know the nature of your calling, and if you don’t do work that connects with your deep soul, you may always be dissatisfied, not only in your choice of work but in all other areas of life. Moore explores the often difficult process—the obstacles, blocks, and hardships of our own making—that we go through on our way to discovering our purpose, and reveals the joy that is our reward. He teaches us patience, models the necessary powers of reflection, and gives us the courage to keep going. A Life’s Work is a beautiful rumination, realistic and poignant, and a comforting and exhilarating guide to one of life’s biggest dilemmas and one of its greatest opportunities.

Is modesty all about the clothes we wear? What if I told you that modesty is about more than clothes and that there is a way to find freedom by embracing it? We usually don't associate modesty with the word "freedom". This is because Hollywood and popular culture continually try to convince us that pursuing worldly beauty and success are essential factors to our acceptance and worth. But when we choose to discern the truth from God's Word instead of the world around us, we quickly find out that pursuing the ideals behind their beauty standards will leave us empty and unsatisfied. Through God's Word, we discover that modesty isn't an out of date list of rules we have to keep; it's an attitude and a lifestyle of humility, self-control, gratitude, and grace. When you choose to embrace the reasons the Scriptures give us for living a modest life, they will not only change the way you want to dress, but they will change the way you see yourself. Then you will not only learn to dress with humble confidence, but you will also discover within yourself a beauty that will never fade away. With an appendix for men and links to resources online, this isn't like any book you've read before. Instead, it's an invitation to a journey through the beauty and power that modesty has to offer anyone willing to embrace it.

Where once a young woman had to be ashamed of her sexual experience, today she is ashamed of her sexual inexperience. Where not long ago an unmarried woman was ashamed to give public evidence of sexual desire by living with someone, today she must be ashamed to give evidence of romantic desire. From sex education in grade school to coed bathrooms in college, today's young woman is being pressured relentlessly to overcome her embarrassment, her "hang-ups," and especially her romantic hopes. Meanwhile, the problems young women struggle with grow steadily more extreme: from sexual harassment, stalking, and date rape to anorexia and self-mutilation. Both men and women endlessly lament the loss of privacy and of real intimacy. What is it all about? Beholden neither to conservatives who discount as exaggeration the dangers facing young women, nor to feminists who steadfastly affix blame on the patriarchy, Wendy Shalit proposes that, in fact, we have lost our respect for an important classical virtue -- that of sexual modesty. A Return to Modesty is a deeply personal account as well as a fascinating intellectual exploration. From seventeenth-century manners guides to Antonio Canova's sculpture, Venus Italico, to Frank Loesser's 1948 tune, "Baby, It's Cold Outside," A Return to Modesty unfolds like a detective's search for a lost idea as Shalit uncovers opinions about this lost virtue's importance, from Balzac to Simone de Beauvoir, that have not been aired for decades. Then she knocks down the accompanying myths one by one. Female modesty is not about a "sexual double standard," as is often thought, but is related to male virtue and honor. Modesty is not a social construct, but a natural response. And modesty is not prudery, but a way to preserve a sense of the erotic in our lives. With humor and piercing insight, Shalit invites us to look beyond the blush and consider the new power to be found in an old ideal. She maintains that the sex education curriculum forced on those of her generation from an early age is fundamentally flawed, centered as it is on overcoming reticence -- what we today call "hang-ups." Shalit surprisingly and persuasively argues that without these misnamed hang-ups there can be no true surrender, no richness and depth to relations between the sexes. The natural inclination toward modesty is not a hang-up that we should set out to cure, but rather a wonderful instinct that, if rediscovered and given the right social support, has the power to transform society.

It is easy to forget in our own day of cheap paperbacks and mega-bookstores that, until very recently, books were luxury items. Those who could not afford to buy had to borrow, share, obtain secondhand, inherit, or listen to others reading. This book examines how people acquired and read books from the sixteenth century to the present, focusing on the personal relationships between readers and the volumes they owned. Margaret Willes considers a selection of private and public libraries across the period—most of which have survived—showing the diversity of book owners and borrowers, from country-house aristocrats to modest farmers, from

Regency ladies of leisure to working men and women. Exploring the collections of avid readers such as Samuel Pepys, Thomas Jefferson, Sir John Soane, Thomas Bewick, and Denis and Edna Healey, Margaret Willes also investigates the means by which books were sold, lending fascinating insights into the ways booksellers and publishers marketed their wares. For those who are interested in books and reading, and especially those who treasure books, this book and its bounty of illustrations will inform, entertain, and inspire.

Author and speaker Cheryl Brodersen encouraged thousands of women to cast their worries to God's care in her book When a Woman Lets Go of Her Fears. Now she inspires them to embrace their identity and fulfillment in Christ by shedding the lies that have plagued women since Eve: "I'm not good enough." "God isn't strong enough." "I'm too flawed to be loved." "God can't use me." Cheryl presents engaging teaching, relevant examples from women today and from the Bible, and biblical, practical guidance to help women believe in God's sufficiency to meet their needs promises and power through His Word plans for goodness and fruitfulness blessings that follow obedience Since Eden first blossomed, God has offered women love, guidance, fellowship, and purpose. Cheryl helps today's woman exchange the burden of deception and pretense for the abundance, freedom, and fruitfulness God intended from the very beginning.

Traces the 1838 discovery voyage that resulted in the western world's survey of 87,000 ocean miles, 280 Pacific islands, numerous zoological discoveries, and the finding of Antarctica, a journey that was marked by tragic deaths, the losses of two ships, and controversial court martials. Reprint.

Talk to women under forty today, and you will hear that in spite of the fact that they have achieved goals previous generations of women could only dream of, they nonetheless feel more confused and insecure than ever. What has gone wrong? What can be done to set it right? These are the questions Danielle Crittenden answers in What Our Mothers Didn't Tell Us. She examines the foremost issues in women's lives -- sex, marriage, motherhood, work, aging, and politics -- and argues that a generation of women has been misled: taught to blame men and pursue independence at all costs. Happiness is obtainable, Crittenden says, but only if women will free their minds from outdated feminist attitudes. By drawing on her own experience and a decade of research and analysis of modern female life, Crittenden passionately and engagingly tackles the myths that keep women from realizing the happiness they deserve. And she introduces a new way of thinking about society's problems that may, at long last, help women achieve the lives they desire.

In his innovative and magisterial lead essay, Rabbi Yehuda Henkin analyzes the pervasive yet little-understood area of women's modesty. In Understanding Tzniut, Rabbi Henkin also examines the issues of handshaking, aliyot to the Torah, and dancing with a sefer Torah, as well as general topics such as questions of rabbinical misjudgment during the Holocaust and the relationship to Israel's government in the wake of the expulsion from Gush Katif. To all topics, Rabbi Henkin brings halachic stature, scholarship and erudition.
