You can learn trading penny stocks from the masses and become part of the 90% of traders who lose money in the stock market, or you can learn from the Best. The Complete Penny Stock Course is based on Timothy Sykes ' , various training programs. His strategies have helped individuals like Tim Grittani, Michael Goode and Stephen Dux become millionaires within a couple of years. This course aims to teach you how to become a consistently profitable trader, by taking Tim ' s profit-making strategies with penny stocks and presenting them in a well-structured learning format. You ' ll start by getting acquainted with the concepts of market and trading psychology. Then you ' ll get into the basics of day trading, how to manage your risk and the tools that will help you become profitable. Along the way, you ' ll learn strategies and techniques to become consistent in your gains and develop your own trading techniques. What ' s inside: - Managing expectations and understanding the market, - Understanding the psychology of trading and how it affects you, - Learning the basics of day trading, - Learning the mechanics of trading penny stocks, - Risk management and how to take safe positions, - How to trade through advanced techniques - Developing your own profitable trading strategy - Real world examples and case studies No prior trading experience is required.

The bestselling holy grail of trading information-now brought completely up to date to give traders an edge in the marketplace " Sound trading advice and lots of ideas you can use to develop your own trading methodology. " -Jack Schwager, author of Market Wizards and The New Market Wizards This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. Trade Your Way to Financial Freedom also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

This straightforward, accessible guide clearly explains what options are and how they work, their pros and cons, their relationship with stocks, and how to use them to gain leverage, generate extra income, and protect against adverse price movements.

Tired of losing money in 2018? Ready to learn how to trade a bear market? Bear markets do not behave anything like bull markets. If you try to buy the dips, you will get crushed. If you try to short a bear market and don't know what you are doing, you will also get crushed. In fact, most of the tricks that work in bull markets don't work in bear markets. During a bear market, there is always a vast transfer of wealth from the amateurs to the professionals. Don't let that happen to you. If you lost money in 2008-2009, make sure that you and your family are prepared this time. In this book, you will learn: How to spot a bear market on the horizon The best way to make money using put options How to trade a bear market using stock index futures An automated trading system (never before revealed) that profits from the high volatility of a bear market 3 ways to know that a bear market is almost over How to load up on undervalued stocks at the end of a bear market And much, much more Amazon best-selling author and retired hedge fund manager, Matthew Kratter will teach you the secrets that he has used to profitably trade the last 2 bear markets. These trading strategies are extremely powerful, and yet so easy to use. And if you ever get stuck, you can always reach out to the author by email (provided inside of the book), and he will help you. Get started today Scroll to the top of this page and click BUY NOW.

Praise for THE DAILY TRADING COACH "A great book! Simply written, motivational with unique content that leads any trader, novice or experienced, along the path of self-coaching. This is by far Dr. Steenbarger's best book and a must-have addition to any trader's bookshelf. I'll certainly be recommending it to all my friends." —Ray Barros CEO, Ray Barros Trading Group "Dr. Steenbarger has been helping traders help themselves for many years. Simply put, this book is a must-read for anyone who desires to achieve great success in the market." —Charles E. Kirk The Kirk Report "Dr. Brett", as he is affectionately known by his blog readers, has assembled a practical guide to self coaching in this excellent book. The strategies he outlines are further enhanced with numerous resources and exercises for the reader to refer to and keep the principles fresh. I enthusiastically encourage anyone interested in bettering their trading and investing to read this book and keep it on their desk as a constant source of learning." —Brian Shannon, www.alphatrends.net author of Technical Analysis Using Multiple Timeframes "Dr. Brett has distilled his years of experience, as both a trader and a psychologist/coach, into the 101 practical lessons found in The Daily Trading Coach. Those lessons provide effective strategies for coping with the stumbling blocks that traders often face. This book should be a cornerstone of any serious trader's library." —Michael Seneadza equities trader and blogger at TraderMike.net

Trading the Trends is what every investor and trader has been waiting for. Learn to make money in any market. McAllen, a retired stockbroker, best selling author, and active investor/trader leads you through every aspect of recognizing market trends early, how to avoid losses, and shares numerous strategies to profit in any market. Understanding how to invest and trade in the stock market trends and cycles is paramount to the success of every individual trader and investor. Experiencing the losses of the past does not have to repeat itself over and over. By recognizing the changes in trends as they are occurring, the trader and investor can protect and preserve their capital while profiting in any market environment. To give the investor and trader the most comprehensive learning experience, this book encompasses the actual trading decisions and strategies used in both up and down markets. Bear market and sideways market strategies are traded, including trading the bull market beginning in 2009 and exiting at the highs in 2011. The decisions for each entry and exit are shared in detail to give the investor and trader a broad understanding and valuable knowledge for future market cycles. "The greatest investors, traders, and speculators of all time have one thing in common. They understand the market does not always go up; they recognize the market moves in trends and cycles, and they capitalize on that knowledge." Fred McAllen

Swing trading is a type of trading in which you hold positions in stocks or other investments over a period of time that can range from one day to a few weeks or more. If you are a beginner trader, this book will equip you with an understanding of where to start, how to start, what to expect from swing trading, and how you can develop your own strategy based on your personal goals. If you are a trader with some existing experience, this book will give you some insights on the author's approach to swing trading, rules that I follow and some strategies that I have used over the years to make profitable trades. In this book you will learn.... What is swing trading and how does it differs from other trading strategies Why swing trading might be a better trading approach for you What tools you will need to swing trade as well as choosing a broker How to manage your money and the risks of trading How to perform some basic fundamental analysis on companies Charting basics followed by a presentation on some of the more popular technical analysis tools used to identify and make profitable trades Chart patterns that provide trading opportunities A number of swing trading strategies that can be used by both novices to more experienced traders Getting good entries and exits on trades to maximize gains How to run your trading activities like a business including some rules and routines to follow as a successful traderI sincerely hope that you find value in the contents of this book and that it helps you toward achieving your goals and objectives in the trading world.

Success as a day trader will only come to 10 percent of those who try. It ' s important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I ' ll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders.

A former janitor and gas station attendant in Vermont, who died a few years ago, surprised everyone by leaving an \$8 million fortune to his local library and hospital. What was his secret, everyone wondered? And the answer turned out to be pretty basic. Because, besides being industrious and frugal, which you may have guessed, he had invested in the stock market throughout the years. This is actually not as surprising as it may sound. According to a recent World Wealth Report, the wealthy invest the largest part of their money into stocks and businesses. Our wise janitor had simply done what the wealthy do. So he got a similar result. That is, he grew his money into considerable wealth. And you can do this too. Now, we aren't saying you will make \$8 million. After all, this is a beginners book and the janitor had an extraordinary result. But stock market investing is one of the best tools you can use to build a more secure financial future for you and your family. So are you someone who wants to make money in the stock market? And does that story make you feel excited? Have you tried to understand the stock market, only to be discouraged by how complicated it all seems? And aren't you just a little bit encouraged that an ordinary person, like our janitor from Vermont, could invest in stocks and succeed? If you answered yes to any of those questions, then this book just might be the solution you've been looking for. Because it will show you just what you need to know, and no more, to start investing in the stock market. And it will describe all of this for you in simple terms you already understand. Not complicated theory. Not a mind-numbing blitz of technical buzzwords. Just what you need to know and no more. And the few specific steps you can take to get started. Here's what you will learn:-The 5 big reasons to invest in stocks-Simple explanations of the basics of stock market investing-Great sources of recommendations to help you pick winners (no complicated research required)-The one thing you must do to get started (but you only have to do it once)-How to buy and sell stocks-3 key strategies to protect your stock investments from big losses-And many more invaluable tips on building your stock portfolio So that by the end of this book, you will be able to buy your first stock. You will know the simple steps to grow your money in the stock market. And start on the your path to a more secure financial future.

Want to be in the elite 1% of traders who make 99% of the money in the penny stock market? Read on...It is a fact that 99% of traders who play the penny stock market will lose money. But why does this happen?Because they look at penny stocks like a casino. They aimlessly throw money at the market on the small chance they get that elusive big win. The mythical 1000% rise in stock price overnight which turns their \$300 into \$30,000.But those in the know understand that this simply doesn't happen. And they're all too ready to take money from poorly educated traders.The winners in the penny stock market are the traders who trade on numbers, not grandiose claims made by microcap companies. If you can grasp this concept, then the sky is the limit.Penny Stocks: Behind The Scenes, will give you the necessary tools and foundations to develop a profitable trading strategy.The tools you need to become part of the exclusive group of top traders who make long-term profits trading penny stocks. The tools that will give you a statistical advantage over the vast majority of traders and allow you to consistently win trades.To be a successful trader you must employ 3 basic concepts: Learn a trading systemAdopt a trading planUtilize strict money managementIt sounds so simple, yet so many people neglect 1 or more of these elements. They are the people whose entire trading "knowledge" comes from a \$2.99 basic trading handbook or a 1 hour long YouTube video from a so-called "guru". They are the masses who don't make money then cry that the penny stock market is rigged. They are the traders who will be fueling your profits.This book is the culmination of 14 years of full-time profitable trading experience, thousands of hours of technical trading research and over \$25,000 spent on a continued trading education.These methods haven't just worked for me. I have personally trained hundreds of successful traders using the techniques in this book."I studied different trading systems for microcaps and pennystocks for 15 years, and without a doubt Dan's system beat all of them" - Lawrence, Penny Stocks: Behind The Scenes studentWhat you will learn in this book: The 11 golden trading rules for consistent long-term profitsWhy fundamental analysis of microcap companies is a great way to lose moneyAdvanced technical analysis to foreshadow when you should buy or sell a particular stock - with over 35 annotated chartsHow to spot fraudulent tips from stock promotersThe secret to getting a trade execution when nobody else canComplete breakdown of the psychology behind successful tradingWhy you should never pay for a stock picking service...and much, much more.As an extra bonus, you will receive a money management spreadsheet allowing you to calculate exactly how much you should invest in a particular stock.If you're looking for a get rich quick scheme, this is not the book for you. Or, if you're looking for the holy grail trading system which never posts a losing trade, then you are in the wrong place.But, if you are ready to get serious about trading, and have a burning desire to learn how to profit consistently from penny stocks, simply click 'order now' to begin your journey.
