Quick, easy, effective activities support standards and help students improve skills they need for

success in testing.

Each book in the Daily Warm-Ups: Reading series provides students with over 150 opportunities to master important reading skills. The warm-ups include both fiction and nonfiction reading passages, followed by questions that are based on Bloom's Taxonomy to allow for higher-level thinking skills. Book jacket.

Solving word problems requires both strategy and skill. When confronted with a problem, students need to figure out how to solve the problem and then solve it! The 250 exercises in each book help students learn a variety of strategies for solving problems as well as grade-specific math skills.

Solving word problems requires both strategy and skill. When confronted with a problem, students need to figure out how to solve the problem and then solve it! The 250 exercises in each book help students learn a variety of strategies for solving problems as well as grade-specific math skills.

"Includes 150 leveled passages with a variety of interesting topics ; comprehensive questions that target reading skills & strategies ; and standards & benchmarks."--Cover [p. 1].
