Synopsis. This is the history of record production, chronicling its development decade by decade, and its enabling studio technology from Les Paul's invention of multitrack and his experimentation with recording techniques in the late 1940s, through the instrumentation and effects of the 1960s, to the advances in musical instrument and recording technology in recent years.

Good Vibrations - Wikipedia

Good Vibrations is a Belfast record label and store. Founded by Terri Hooley in the early 1970s, Good Vibrations started out in a small derelict building on Great Victoria Street, Belfast. Its last place of residence was above Cafe Wah, on North Street Belfast. Hooley's main objective in starting the company was to introduce punk bands from Northern Ireland to the rest of the United Kingdom, as he did not believe Northern groups were given enough attention. The label's first recording was for a
