Mechanical Vibrations by Rao softcover, IE, 4th edition. Brand New as described. The exact same as US version including all problems and reading material. Just a softcover instead. Recommended to anyone that would rather buy the IE than the US version. The units are SI(metric) as well so no need to worry about converting them.

5.0 out of 5 stars My rating on this text - Mechanical Vibrations (5th Edition) by Singiresu S. Rao. Reviewed in Canada on March 16, 2013. Verified Purchase. This book is fabulous, it covers what is needed for the study of Vibrations. It is the main text used for this course at UoT which should be self explanatory.
