Muslims and Jews in America: Commonalities, Contentions ...

American Jewish involvement in the domestic campaign to build support for Bosnian Muslims in their struggle with the Serbs further improved ties with American Muslim activists. In April 1995, for example, a pro-Bosnian Muslim rally in Washington attracted as many Jewish activists as it did Muslims, even though the issue was the ethnic cleansing of Bosnian Muslims.

Jews and Muslims | My Jewish Learning

Islam in the United States. Islam is the third largest religion in the United States, after Christianity and Judaism. A 2017 study estimated that 3.45 million Muslims were living in the United States, about 1.1 percent of the total U.S. population. Pew Research Center has subdivided the Muslim community and their percentages into three subsets, namely Sunnism (65%), Shi'ism (11%) and non-denominational Muslims (24%).

Islam in the United States - Wikipedia

The situation of minority Muslim communities in Africa, North America, and Asia, many of whom express Islam in ways different from those in Muslim-majority countries where Islam and indigenous cultures are intermixed, is prompting a form of inter-Muslim ecumenism parallel to the willingness of Muslims to participate in the essentially ecumenical dialogues with Jews and Christians, the aims of which are understanding without attempts at conversion.

This book is an exploration of contemporary Jewish-Muslim relations in the United States and the distinct ways in which these two communities interact with one another in the American context. Each essay discusses a different episode from the recent twentieth and current twenty-first century American milieu that links these two groups together.

"From historical writings, ship manifests, wills, land grants, DNA testing, genealogies, and settler lists, and the widespread presence of Jews and Muslims in prominent positions in all of the original colonies, this work looks freshly at the early American experience, postulating that many initial US colonists were of Sephardic Jewish and Muslim Moorish ancestry" --Provided by publisher.

Suggests areas where joint co-operation might benefit each group.

Since its inception, the United States has defined itself as a nation of immigrants and a land of religious freedom. But following September 11, 2001 American openness to immigrants and openness to other beliefs have come into question. In a timely manner, Religion and Immigration provides comparative perspectives on Protestants, Catholics, Muslims and Jews entering the American scene. Will Muslims seek and receive inclusion in ways similar to Catholics and Jews generations before? How will new immigrant populations influence and be influenced by current religious communities? How do overlapping identities of home country, language, class, and ethnicity affect immigrants' sense of their religion? How do the faithful retain their values in a new country of individualism and pluralism? How do religious institutions help immigrants with their physical needs as they are entering a new country? The contributors to Religion and Immigration approach these questions from the perspectives of theology, history, sociology, international studies, political science, and religious studies. A concluding chapter provides results from a pioneering study of immigrants and their religious affiliation. Leading scholars Haddad, Smith, and Esposito have created a valuable text for classes in history, religion or the social sciences or for anyone interested in questions of American religion and immigration.

Traces the arc of American religious discrimination, revealing a disturbing pattern of religious intolerance, from colonial anti-Quaker sentiment and Judaism to today's Muslims, Sikhs, and other religious groups under fire.

A noted scholar and author of The Black Muslims in America argues that Protestantism, Catholicism, and Judaism have accommodated themselves to predominant social and political mores and require serious self-examination. Reprint.

For readers of The Faith Club, Sons of Abraham, and The Anatomy of Peace, a call for mutual understanding and lessons for getting there We Refuse to Be Enemies is a manifesto by two American citizens, a Muslim woman and Jewish man, concerned with the rise of intolerance and bigotry in our country along with resurgent white nationalism. Neither author is an imam, rabbi, scholar, or community leader, but together they have spent decades doing interfaith work and nurturing cooperation among communities. They have learned that, through face-to-face encounters, people of all backgrounds can come to know the Other as a fellow human being and turn her or him into a trusted friend. In this book, they share their experience and guidance. Growing up in Pakistan before she immigrated to the United States, Sabeeha never met a Jew, and her view was colored by the Israeli-Palestinian conflict. In his youth, Walter never met a Muslim, and his opinion was shaped by Leon Uris's Exodus. Yet together they have formed a friendship and collaboration. Tapping their own life stories and entering into dialogue within the book, they explain how they have found commonalities between their respective faiths and discuss shared principles and lessons, how their perceptions of the Other have evolved, and the pushback they faced. They wrestle with the two elephants in the room: the Israeli-Palestinian conflict and polarizing material in their holy texts and history. And they share their vision for reconciliation, offering concrete principles for building an alliance in support of religious freedom and human rights. "As members of the two largest minority faith communities in America, we must stand together at a portentous moment in American history. Neither of our communities will be able to prosper in an America characterized by xenophobia and bigotry."—Sabeeha Rehman and Walter Ruby

Like no book before it, Preachers of Hate uncovers an ancient hatred that threatens the life and livelihood of every American. The “new” anti-Semitism targets not only Jews, but Americans specifically and the West in general. It targets our values, our lifestyle, and our freedoms. It is the single most important issue we face when trying to make sense of the Arab world. Most Americans will be stunned to discover the depth and extent of anti-Semitic hatred in today’s Middle East and Europe, and that many Muslim leaders are not just encouraging it, but spending a great deal of money to spread the lies that spawned the terrorists responsible for the September 11 attack on America. In Preachers of Hate, bestselling author Kenneth R. Timmerman (who is not Jewish) contends that, besides Islam itself, the core unifying force in the Muslim world is a virulent strain of anti-Semitism that postulates the existence of a Jewish conspiracy to take over the world. From the pulpits of fiery Muslim clerics to the Arab street, and to the highest reaches of government and state-sponsored media, there is a belief that this thousand-year-old conspiracy has already taken hold in America and is now, especially after the war in Iraq, about to do the same in the Middle East and beyond. It is seen as no less than Muslims’ historical destiny to prevent such a takeover, and to do so by any means possible. To misunderstand the ferocity of that belief is to vastly underestimate the resolve of many Muslims to repel America, Israel, and all things Western. Timmerman explores the roots of this hatred, examining its history, the religious sources upon which it draws, and how it is being transmitted to young people growing up in Arab societies by their leaders, their teachers, and their mosques. He documents how U.S. and European Union money has been used to finance hatred in Palestinian schools. He exposes the double-talk of Arab leaders and their supporters in the West. As it so often was throughout history, this new strain of Jew hatred is really about much more than Jews. They get attacked first, when the enemies of America can’t attack Americans. However, what begins with the Jews never ends with the Jews. “Is there a conspiracy between America and the Jews?” asks Timmerman. “Indeed there is: A common heritage, a dedication to improving the human condition through compassion and tolerance of differences—a conspiracy of freedom. And that is why they hate us.” As with the Jews throughout history, America has been “unfairly successful.” As have the Jews, Americans have “profited” from the misery and poverty of others. If you hate Jews, you must also hate America. Such is the simple logic of the anti-Semite. Such, increasingly, is the logic of the Middle East. It is a message that is reinforced day in and day out by the official government-sanctioned Arab media, from the streets of Egypt, London, Lebanon, Saudi Arabia, Paris, and Gaza, and in the mosques where impassioned clerics quote verbatim texts like the Protocols of the Elders of Zion, a pillar of anti-Semitic hatred that originated in czarist Russia. As America reasserts her role in the Middle East and attempts to bring peace between Jews and Arabs, Preachers of Hate is an essential book that reframes a very complicated issue as a matter of life and death.

Dismissing the idea that an 'African connection' explains the spread of Islam amongst African Americans, Sherman Jackson explores the complex factors that have given rise to the Black Muslim movement & finds answers in both African American religious traditions & the doctrines of the faith.
