When Gore Vidal's recent New York Times bestseller *Perpetual War for Perpetual Peace* was published, the Los Angeles Times described Vidal as the last defender of the American republic. In *Dreaming War*, Vidal continues this defense by confronting the Cheney-Bush junta head on in a series of devastating essays that demolish the lies American Empire lives by, unveiling a counter-history that traces the origins of America's current imperial ambitions to the experience of World War Two and the post-war Truman doctrine. And now, with the Cheney-Bush leading us into permanent war, Vidal asks whose interests are served by this doctrine of pre-emptive war? Was Afghanistan turned to rubble to avenge the 3,000 slaughtered on September 11? Or was "the unlovely Osama chosen on aesthetic grounds to be the frightening logo for our long contemplated invasion and conquest of Afghanistan?" After all he was abruptly replaced with Saddam Hussein once the Taliban were overthrown. And while "evidence" is now being invented to connect Saddam with 9/11, the current administration are not helped by "stories in the U.S. press about the vast oil wealth of Iraq which must- for the sake of the free world- be reassigned to U.S. consortiums."

The United States has been engaged in what the great historian Charles A. Beard called "perpetual war for perpetual peace." The Federation of American Scientists has cataloged nearly 200 military incursions since 1945 in which the United States has been the aggressor. In a series of penetrating and alarming essays, whose centerpiece is a commentary on the events of September 11, 2001 (deemed too controversial to publish in this country until now) Gore Vidal challenges the comforting consensus following September 11th and goes back and draws connections to Timothy McVeigh's bombing of the federal building in Oklahoma City. He asks were these simply the acts of "evil-doers?" "Gore Vidal is the master essayist of our age." — Washington Post "Our greatest living man of letters." — Boston Globe "Vidal's imagination of American politics is so powerful as to compel awe." — Harold Bloom, The New York Review of Books
