Getting Started Shooting a Revolver | Personal Defense ...

Combat Handgun Secret #1: The Power Stance . In true combat handgun training, as opposed to recreational shooting, you are preparing for a fight. This means you should be in a fighting stance. Balance and mobility can never be compromised in a fight. Accordingly, your primary shooting stance should be a fighting stance. When the body has to become a fighting machine, the legs and feet become its foundation.

5 Lost Secrets Of The Combat Handgun | Gun Digest

For revolvers, my self-defense load of choice is .38 +P Speer Gold Dot Short Barrel, which has moderate recoil and a respectable track record for reliable penetration and expansion, but there are plenty of other viable options. Give yourself the best possible chance of getting quick and accurate hits, even if that means using a smaller caliber or “less powerful” ammunition.

When Six Is Not Enough - Myths of the Self-Defense Revolver

Combat pistol shooting. Combat pistol shooting is a modern martial art that focuses on the use of the handgun as a defensive weapon for self defense, or for military and police use. Like most martial arts, combat pistol shooting is practiced both for defense and for sport. Many of the action shooting disciplines are based on combat pistol techniques, and take the form of simulations of defensive or combat situations.

Combat pistol shooting - Wikipedia

Given good ammunition, the revolver will go bang when the trigger is pressed, continuing to do so until the last round is fired. This translates easily to the self-defense world, even given lower capacity when compared to an autopistol. In most cases six is plenty given appropriate shot placement.
