Bhadriraju Krishnamurti (1928) is Professor and Head of the department of Linguistics at Osmania University, Hyderabad. He received a B.A. (Hons.) Degree (1948) in Telugu language and literature at Andhra University Waltair and an M.A. (1955) and Ph.D. (1957) in linguistics from the university of Pennsylvania U.S.A.

Among the many spiritual traditions born and developed in India, Tantra has been the most difficult to define. Almost everything about it its major characteristics, its sources, its relationships to other religions, even its practices are debated among sc

There is hardly any person who is either not conversant with or not heard about occult sciences of which Yantra, Mantra, Tantra and not heard about occult sciences of which Yantra, Mantra, Tantra and forces are simply tributaries. Hindus, Jains, Muslims, ascetics, peers have written a lot about such sciences but only a selected few know how to use such devices ably and safely. The learned author has given detailed account on use, caution, warnings and methods for using such devices which are meant for relieving or causing agony/harm to a targeted person. The author has furnished relevant details about Yantra, Mantra and Tantra, black magic, sorcery etc. Hopefully, the right information will satiate urge of inquisitive readers, for some of whom it may be a new subject.

For those who wonder what relation actual Tantric practices bear to the "Tantric sex" currently being marketed so successfully in the West, David Gordon White has a simple answer: there is none. Sweeping away centuries of misunderstandings and misrepresentations, White returns to original texts, images, and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day. Kiss of the Yogini focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra: sexualized ritual practices, especially as expressed in the medieval Kaula rites. Such practices centered on the exchange of powerful, transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis. It was only by "drinking" the

sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods. By focusing on sexual rituals, White resituates South Asian Tantra, in its precolonial form, at the center of religious, social, and political life, arguing that Tantra was the mainstream, and that in many ways it continues to influence contemporary Hinduism, even if reformist misunderstandings relegate it to a marginal position. Kiss of the Yogini contains White's own translations from over a dozen Tantras that have never before been translated into any European language. It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history, society, culture, and religion.

This is such a book through the mantras of which one can become a successful "e;Mantra Shastri"e;. The book is capable of providing peace and content to each and every individual's life.

Snakebite may sound like a rare and exotic phenomenon, but in India it is a problem that affects 1.4 million people every year and results in over 45,000 deaths. A traditional medical system that flourished over 1,000 years ago, the Garuda Tantras had a powerful influence on medicine for snakebite, and some of their practices remain popular to this day. In *Early Tantric Medicine*, Michael Slouber offers a close examination of the Garuda Tantras, which were deemed lost until the author discovered numerous ancient titles surviving in Sanskrit manuscripts written on fragile palm-leaves. The volume brings to life this rich tradition in which knowledge and faith are harnessed in complex visualizations accompanied by secret mantras to an array of gods and goddesses; this religious system is combined with herbal medicine and a fascinating mix of lore on snakes, astrology, and healing. The book's appendices include an accurate yet readable translation of ten chapters of the most significant Tantric medical text to be recovered: the *Kriyakalaganottara*. Also included is a critical edition based on the surviving Nepalese manuscripts. Tying in to interest in holistic medicine, meditation, and Tantra, this volume sheds light on a nearly forgotten piece of history.

Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work *Phaldeepika*. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to benefit the title *Phaldeepika; Bhavartha Bodhini*. The 28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. This English edition also includes many horoscopes, tables and a glossary of Sanskrit and Hindi words. The language is easy to understand and even beginners after studying this book for a few months will be able to arrive at the right interpretations and timing of events.

This is the extraordinary true tale of a middle-class, gay American's path to encounters with the Great Mystery that is God/dess/Self. The way to the Great Unknown was intricately intertwined with his humanity with all its foibles, and with human relationships. Therefore this story has to include those relationships, revealing ultimately how a one's personal identity and relationships become vehicles for enlightenment. This inspiring account of struggle, travel to exotic lands, suffering, and transcendence holds out hope for anyone who has ever felt outcaste, broken, or unworthy, demonstrating for our modern times that enlightenment lies within reach of us all.

"Sri Vidya begins where the current understanding of quantum physics ends," say modern-day scholars about this little-known, highly esoteric spiritual tradition that has been carefully kept under wraps by its secretive and serious practitioners. The study of Sri Vidya is fascinating as much as it is frustrating because information about its various aspects is exceptionally hard to find. *Tantra, Mantra and Yantra of Sri Vidya* is an endeavor to explore the Sri Vidya tradition and understand it as the unfolding of Shakti, the inherent power which lies at the core of our being and holds the key to our worldly and spiritual success. Sri Vidya practice comprises tantra (a technique or framework for worship) whose two main elements are mantra (sacred sound) and yantra (sacred geometry). Tantra can be described in simple terms as the utilization of the mental faculty to pursue the objectives of worship using mantra and yantra. Mantra is the use of sound energy to bring about oneness with the Divine while yantra is a geometric drawing that serves as a tool to reach the Divine. The book delves into concepts such as Sankhya, Yoga, Karma and Kundalini in order to establish the context of how Sri Vidya is to be approached, combining elements of knowledge, devotion and ritual. The author has kept in mind the sensibilities of the modern spiritual seeker and their needs and interests, presenting the information in a non-dogmatic and practical manner, thereby allowing everyone an opportunity to learn and experience the benefits of Sri Vidya. This is the third book by the author in the Spirituality Series. The first book was about the Sri Chakra Yantra and the second book had Chakras as its subject.
