Corporate Cash Management: Third Edition: A Treasurer's Guide
rst edition, no attempt has been made to ensure backward compatibility. The organization of most parameter les has changed. As before, the GSLIB software remains unsupported, although, this second edition should alleviate any doubt regarding the commitment of the authors to maintaining the soft-ware and associated guidebook.

The CFO Guidebook covers every aspect of being a CFO, including risk management, controls, and how to engage in mergers and acquisitions. The book also addresses many aspects of financial management, such as budgeting, cash concentration systems, and investments. There is also an extensive discussion of fund raising, as well as the CFO's role in a public company.

The Accounting Controls Guidebook reveals the controls you need for every accounting system, from billings to financial reporting, in addition to such operational areas as order processing, shipping, and receiving. Controls are separately stated for manual and computerized accounting systems. The text also addresses types of controls, control principles, the proper balance of control systems, and how to construct a system of controls.

The CFO manages the financial structure and oversees the financial performance of an organization, so this is a critical and demanding management position. The CFO Guidebook provides the CFO with detailed advice regarding how to be most effective in every aspect of the job. The book covers all parts of the CFO's traditional finance role, including budgeting, fundraising, investments, going public, investor relations and share management. It goes on to address more recent additions to the job, such as strategic planning, risk management, the control environment, and information technology. Given its comprehensive coverage of the CFO position, The CFO Guidebook can serve as a reference manual for anyone wanting to become more effective in the position.

Financial statements are designed to show the performance, financial condition, and cash flows of a business. The Interpretation of Financial Statements reveals how to convert these statements into an open book that can be explored in depth, giving crucial insights to investors, lenders, and creditors. It does so by describing the structure of the financial statements, noting a number of tools for extracting information from the statements, and providing a wealth of additional insights into the reasons for the presence of or changes in certain numbers within the statements. In short, this book contains the complete set of tools for breaking down and examining a set of financial statements.

Praise for Fast Close: A Guide to Closing the Books Quickly "Steve captures the essence of the problems affecting the financial close process within corporations of all sizes; from the period close of subledgers and general ledger through financial reporting, and the relationship and interdependencies of governance, people and technology. A must-read for the corporate controller." |David Taylor, ACMA, MBA, VP Strategy, Trintech Inc. "Fast Close: A Guide to Closing the Books Quickly, Second Edition is a must-read for today's busy controllers. Steven Bragg points out everything that can be done outside the close that you just never realized didn't actually have to be part of the month-end close process! Very commonsensical approach!" |Kathleen Schneibel, mba, cpa, Controller/CFO for Hire, KMAS Consulting LLC "A well-executed 'fast close' can bring many valuable benefits to any company, from improving organizational performance to transforming accounting executives from financial historians to trusted advisors. In Fast Close, Second Edition, Steve systematically breaks down the steps required to achieve a fast close in both public and private companies, providing financial executives with tips, checklists, and a cost-effective road map to implement fast close procedures in virtually any company." |Matthew Posta, Esq., CPA, Vice President of Finance, Key Air, LLC FROM THE FIRST EDITION "This is an outstanding book in which Steve reveals his secrets to a fast close. Having personally experienced his (one-day) fast close for years and enjoyed the beneficial impact on my company, I highly recommend this book for all financial officers who desire to have a large, favorable impact on their company." |Richard V. Souders, President and CEO, Kaba Workforce Solutions

Filled with pragmatic insights, proactive strategies, and best practices, The New CFO Financial Leadership Manual, Second Edition is destined to become your essential desktop companion. This thorough guidebook is essential reading for the CFO requiring an overview of strategies, measurement and control systems, financial analysis tools, funding sources, and management improvement tips.

This thorough guidebook is essential reading for the CFO requiring an overview of strategies, measurement and control systems, financial analysis tools, funding sources, and management improvement tips.

AN INTRODUCTION TO FINANCIAL REPORTS—WITH NEW TACTICS FOR BUDGETING AND PINPOINTING KEY FINANCIAL AREAS Financial decisions impact virtually every area of your company. As a manager, it's up to you to understand how and why. Finance for Nonfinancial Managers helps you understand the information in essential financial reports and then shows you how to use that understanding to make informed, intelligent decisions. It provides a solid working knowledge of: Basic Financial Reports—All about balance sheets, income statements, cash flow statements, and more Cost Accounting—Methods to assess which products or services are most profitable to your firm Operational Planning and Budgeting—Ways to use financial knowledge to strengthen your company Briefcase Books, written specifically for today's busy manager, feature eye-catching icons, checklists, and sidebars to guide managers step-by-step through everyday workplace situations. Look for these innovative design features to help you navigate through each page: Key Terms: Clear definitions of key terms and concepts Smart Managing: Tactics and strategies for managing change Tricks of the Trade: Tips for executing the tactics in the book Mistake Proofing: Practical advice for minimizing the possibility of error Caution: Warning signs for when things are about to go wrong For Example: Examples of successful change-management tactics Tools: Specific planning procedures, tactics, and hands-on techniques

The New Controller Guidebook covers every aspect of being a controller, including the management of accounts payable, cash, collections, inventory, payroll, and more. It also shows you how to close the books, which reports to issue to the management team, how to create a budget, and how to select and install an accounting computer system.

A startup business or small company may have no formal accounting system in place, which leads to endless difficulties with record keeping and producing reliable financial statements. The Bookkeeping Guidebook eliminates these problems by showing how to set up and operate a double entry accounting system, create journal entries, and record information in a general ledger. With this framework in place, the book also discusses how to issue billings, process cash receipts, calculate depreciation, value inventory, pay employees and suppliers, file tax returns, and produce financial statements. In short, this is the desk reference needed by anyone who wants to create or operate an accounting system.
